

IN THE SPECIFICATION:

After the title, page 1, please make the following changes:

--BACKGROUND OF THE INVENTION

1. Field of the Invention

The invention concerns a sealing device for a rotatably supported roll ~~of a rolling device in accordance with the introductory clause of Claim 1~~ and a rolling device ~~in accordance with the introductory clause of Claim 9.~~--

After the first paragraph, insert:

--2. Description of the Related Art--

On page 2, after the first full paragraph, please insert:

--SUMMARY OF THE INVENTION--

On page 2, please delete the last paragraph.

On page 3, first paragraph, please make the following changes:

--In accordance with the invention, the sealing part has a multipart design. This multipart design of the sealing part that rotates with the roll takes into account the various requirements within the sealing device which are outlined above.--

On page 6, after the fifth full paragraph, insert:

--BRIEF DESCRIPTION OF THE DRAWING--

On page 4, after the description of Figure 2, insert:

--DETAILED DESCRIPTION OF THE INVENTION--

On page 5, last paragraph, please make the following changes:

--The first sealing part 17 consists, for example of the material [NM] nitrosomesitylene 74/70 or 80. It can be secured on the roll neck 2 by the clamping ring 20.--
